Growing Your Business: Amazon Market Place & Click Bank Entry

### the CHALLENGES

The client was originally only selling their products on their website, D2C. The lack of experience in expanding distribution was not enough to take them to the level they wanted to go.

### our SOLUTION

To take the current product offerings and sales to the next level, our strategy was to help them expand their verticals of sales distribution. We did so by assisting them in entering new verticals such as Amazon, Click Bank, Shopify and Walmart.

### the RESULTS

With our assisted strategy, this client increased their revenue growth by 300%.
